

# Street Turn Request Manual

**LA/LGB requests should go to COSAG - [lgbequip@cosco-usa.com](mailto:lgbequip@cosco-usa.com)**

Please follow the instructions below to submit a street turn request.

**Step 1:** Go to [www.cosco-usa.com](http://www.cosco-usa.com) and select **COSCO Street Turn Request** under **Services** menu.

**Step 2:** Login using your existing rail billing Customer ID and Password.

# Street Turn Request Manual

**Step 3:** Read and agree to the terms of agreement.

**COSCO Street Turn Request**

**Please read the terms agreement**

A container that has left a COSCO facility under an import shipment may be reused for an export shipments ("Street Turn") provided the following conditions are met.

- 1) Trucker who picked up container from COSCO facility for import shipment must notify the COSCO equipment office via this website of intent to return container against an export shipment.
- 2) Trucker must notify COSCO export office in writing when export

I have read and agree to the terms of Use Agreement.

All corrections or changes to your street turn request must be submitted using the street turn web application. Failure to notify COSCO of any and all changes to street turn instructions will result in penalties including fines and possible revocation of truckers interchange agreement. Be advised that all routing changes made after the container has been received at the origin pickup location will be subject to diversion costs, which will need to be guaranteed prior to processing the change.
